Letter No. 1669/47-32, dated 26th July, 1949 from the Chief Secretary to the Government of Madras regarding direct correspondence on routine matters.

1) The Government of Madras have made the following two proposals.-

(1) Correspondence on routine and non-controversial matters may be addressed by the States to the Secretary to the Government of Madras in the department concerned.

(2) Heads of Departments and certain other officers of the Madras Government may be allowed to correspond directly on routine matters with their opposite numbers in the State.

2) The proposals seem to be unobjectionable.

3) It is for orders whether the Government of Madras may be informed that the Government of Mysore agree to them.

4) If this is approved, the Government of Madras may be supplied with a copy of the distribution of work among the Secretaries to Government, and an official memorandum may be issued giving a list of routine matters on which there may be direct correspondence between officers of this Government and those of Madras.

5) No modification, addition or alteration to the designations of the State's officers mentioned in col. 3 of the Appendices to the list enclosed appears to be necessary except to inform the Government of Madras that the Office of Dewan of Mysore has been abolished and that the Head of the Administration at present is the Chief Minister.

6) Rules relating to direct correspondence with officers of Foreign Bats are already provided for in paras 121 to 137 (Pages 32-37) of the ~~Gen.~~ Manual of Gen. Civ and Standing orders. The present proposals

Ref: Memo. from the Government of India, Political Department, No.F.24-R(S)/47 dated 17-4-47.

Sir,

I am directed to invite a reference to the Memorandum cited (copy enclosed) regarding direct correspondence between States

and/...

and Provincial Governments. In paragraph 3 of that letter the Government of India suggested that correspondence with States should normally be conducted through the Chief Secretary but that if it was desired that in certain subjects States should correspond direct with certain branches of the Provincial Government, they (the States) should be informed direct. This Government consider that as prior to 15-8-47 the various departments of the Secretariat were corresponding with the States through the Residents on subjects dealt with by them, no departure from that procedure is necessary. I am accordingly to request that correspondence on routine and non-controversial matters may be addressed by the States to the Secretary to the Government of Madras in the department concerned. A list of subjects dealt with by the Departments of this Government is enclosed.

2. This Government are also of the view that it would facilitate matters if the Heads of Departments and certain other officers of this Government are allowed to correspond directly on routine matters with their opposite numbers in the States. A copy of letter from the Government of India, Ministry of States, No.F.66.P/48 dated 11th August 48 relating to direct correspondence by Police officers on certain matters is enclosed for information. A list of such routine matters on which there may be direct correspondence between officers of this Government and those of the States together with the designations of the officers concerned is enclosed. I am to enquire whether the State Government have any objection to the above procedure. I am also to request that this Government may be informed of the modifications, additions or alterations, if any, to the designations of the State's officers mentioned in column 3 of the Appendices to the list enclosed.

Yours faithfully,

(Signature) 27/7/48

Government of Madras.

Copy of Office Memorandum No.F.24-R(S)/47 dated the 17th April 47

...

Direct correspondence between States and
Provincial Governments.

...

Since with the lapse of Paramountcy the Political Department will cease to exist from a date not later than June 1948 and for administrative reasons Residents and Political Agents must be withdrawn earlier, it is necessary to provide for direct communications between Provincial Governments and States. It has been decided, therefore, that the previous rule requiring that correspondence with States should pass through a political channel, which has already been considerably modified in practice, will be deemed to be rescinded with effect from 15th May 1947. The object of establishing this early date is that the diversion of the flow of communications may be made while the Political Department and local Political Officers are still able to assist, as formerly, with their good offices.

2. Residents will shortly be addressing you in regard to certain States within their political charges, which are likely to be concerned with the Madras Government etc. and will give you in respect of each of these States, the designation and address (including telegraphic address if there is one) of the official who will correspond on behalf of the State with you and who should please be addressed. For the present the channel of correspondence with the remaining States will remain the Resident concerned.

3. It is presumed that the Madras etc. Government will wish correspondence normally to be conducted through the Chief Secretary but if it is desired that in certain subjects States should correspond direct with certain Branches of the Provincial Government they may kindly be informed direct, being given also the designation etc. of the official who should be addressed in each case, and precise subjects on which they should so correspond.

(Sd.) -
